3. Discussion: Current Trends and Concerns related to Growth and Development.

In November, 2020, the Town Council and Planning Board agreed to initiate a dialogue about the potential cumulative impacts of land development projects, especially residential development, pending before the Town and to begin identifying potential growth management strategies which may be employed going forward. A follow up meeting was held 2/17/21 and the Planning Board is now charged with making formal recommendations to the Town Council.
