

YOUTH SPECIALTY CAMPS

The specialty camps are for youth **entering the 1-6 grades** and will take place at **EG High School**. **Room locations to be printed on your registration receipt.**

Specialty Camp programs are generally four days per week, 2 hours a day (9:00am- 11:00am) concentrated instructional programs in a specific content area. When signing up your child be sure his/her interest is strong enough to keep his/her attention. No alternative activities are offered.

These programs can work in conjunction with the playground program. If your child wishes to participate in both the specialty camps and the playground program then we will provide supervision from the specialty camp to the playground program. All other campers must be picked up at the end of the program. Be sure to sign up for the playground program if you desire this longer day.

Check the course schedule on pg. 5 for session dates.
Not all camps are held each session.

CAMP DESCRIPTIONS

The Best Magic Class in the World: Fee:\$94 (Sess. II-\$71)

Simply the most amazing magic class ever says it all! You will learn how to make things appear, disappear and even float in the air. Jedlie brings 30 years of experience presenting magic in schools nationwide to inspire your inner magician. Children will receive a deck of cards and many self-made magic props.

Instructor: Jed Doherty Location: High School

Broadway Melodies: (4th-6th grades) Fee:\$67

In this fun musical theatre class, students will learn and perform a medley of select songs from one or more Broadway Musicals. This one-week camp will expose students to recent Broadway repertoire, harmony, solo & ensemble singing, music reading as well as dancing and movement. Sheet music and practice materials will be provided. The class includes a final showcase that family and friends are welcome to attend.

Instructor: Experiments in Theater Staff Locat: HS Auditorium

Broadway Kids: (2nd-4th grade) Fee:\$67

In this fun musical theater class, students will learn several vocal selections from one or more popular Broadway musicals and then practice singing and staging songs. Proper singing techniques will be taught and practice material will be provided. The class includes a final showcase that family & friends are welcome to attend.

Instructor: Experiments in Theater Staff Locat: HS Auditorium

Acting Technique & Improv: (4th-6th grades) Fee:\$55

Whether you are new to theater or an experienced veteran, this class will explore a variety of must know theater concepts and acting techniques from pantomime and improvisation to the Stanislavsky Method and the Meisner Technique. Through monologues and scene work, students will examine a character's intention, learn to define and execute "beats" and discover better ways to live in the moment on stage. The class concludes with a final showcase that family & friends are welcome to attend.

Instructor: Experiments in Theater Staff Locat: HS Auditorium

Summer Theater Production: (2wks 2nd-8th grades) Fee:\$125

There is no better way to create, collaborate, learn and grow in theater than taking part in a full-scale production. Join us for a two-week performing experience in which everyone gets a part in a one-act play that will be performed on the last day of camp. The process includes costumes and props, line memorization and acting instruction. The play will be selected based upon the number and ages of the participants. Every participant will receive a copy of the script that they can keep!

Instructor: Experiments in Theater Staff Locat: HS Auditorium

Under the Sea Adventure: (1st-3rd grades) Fee:\$70

Splish splash! Through stories, crafts and puppets this class will explore different marine animals including narwhals, dolphins, sharks and more!

Instructor: Anna Dufresne Location: High School

Sew Much Fun!: (2nd- 5th grades) Fee:\$70

Thread a needle, tie a knot! In this class, after we have learned the basics of handmade sewing, we will make four underwater sea creature stuffed animals that participants can take home!

Instructor: Anna Dufresne Location: High School

KidzArt: Fee:\$104 (Sess. II-\$77)

Come have a blast developing your creativity and learning art techniques! Camps include any of the following projects: drawing, painting, sculpting and other fine art projects all wrapped around a kid friendly theme using professional media. "If you can dream, you can draw." Building self confidence in the visual arts is our goal for every student. You will be amazed at what your child is capable of. All camps have new curriculums each year. This year's themes are Horse Camp, Jewelz Art, Flowers & Gardens, Watercolor Camp and Sculpting Camp.

Instructor: KidzArt Staff Location: High School

Get Crafty: Fee:\$85

Do not miss this cool class full of fun projects each day! Use your imagination and creativity as you create amazing things. Projects will include: design your own lava lamp, sensory bottles, kinetic sand, shark tooth jewelry and pine cone art!

Instructor: Kim Korb Location: High School

Snack Shop: Fee:\$85 (Sess. II-\$68)

Each day at this camp we will be making some extraordinary recipes! Using various small appliances Cotton candy rice krispy treats, pudding parfaits, puppy chow treats, character waffle sundaes and more!

Instructor: Kim Korb Location: High School

Candy Land Camp: Fee:\$85

Join us this summer as we open the candy store with new and old candy recipes: candy sushi, make your own gummies, s'mores cracked candy, cream cheese candy bites & Oreo truffles. The last class will be spent designing and decorating your own "Candy Store Cake" using your favorite candies.

Instructor: Kim Korb Location: High School

Stop Motion Animation: (4th-6th grades) Fee: \$92

Students will explore a variety of stop motion techniques from cut-paper, object, claymation, and dry erase drawing. They will create a series of short videos that will be shown as a mini film festival at the completion of the program.

Instructor: RIMOSA staff Location: High School

Advanced Stop Motion Animation: (4th -6th grades) Fee: \$92

Build on your animation skills to create more advanced & detailed short films. Learn how to add sound & visual effects, use storyboards, sand animation and dry erase. Class culminates in a mini film festival to showcase student's work.

Instructor: RIMOSA staff Location: High School

Artist & Inventors: (4th-6th grades) Fee:\$92

Was Leonardo DaVinci an artist, an inventor or both? Explore famous artists & inventors like Calder, Goldsworthy, and Buckminster Fuller and create fun and imaginative 3D creations inspired by them. Projects include: catapults, kinetic wheels and sculptures.

Instructor: RIMOSA staff Location: High School

Creative Engineering: (4th- 6th grades) Fee:\$92

This class will utilize engineering principles as campers create various projects that may include: wind and kinetic sculptures, architecture, buoyancy, wind vehicles, bridges and biomimicry nature inspired design.

Instructor: RIMOSA staff Location: High School

Robotics: Fee:\$140 (Sess. II-\$108)

Students build models using LEGO® bricks and manipulate simple machines such as gears, pulleys and various sensors. In addition, students learn basic programming skills using LEGO® Education WeDo™. Campers work with a partner to build one robot and together animate their creation with computer programming software.

Instructor: Sylvan Learning Center Location: High School

Hands On Electronics: (4th-6th grades) Fee:\$95

Tinker with electronics while learning the basics of computer programming. Begin exploring the fundamentals of electronics and circuitry, before designing an interactive programmable device. Participants use the latest tools including Arduino, Raspberry Pi, resistors and motors. Each class gives participants the chance to design a project.

Instructor: Circuit Lab Staff Location: High School

Circuit Makers 101: (1st- 3rd grades) Fee:\$72

Let's get creative with electricity! Students will gain experience with creating their own electronics: designing custom light-up greeting cards, electric games, mazes and musical instruments. Each class day consists of a circuitry lesson and a hands-on project using components like lights, buzzers, switches, motors and sensors.

Instructor: Circuit Lab Staff Location: High School

POW! Science!: Fee:\$60

All out science! Participants perform hands-on experiments in chemistry, physics, engineering, electricity, earth science, life science and more!

Instructor: POW! Science! Staff Location: High School

Flipping Ninjas: (1st-3rd grades) Fee:\$100

Learning and focusing on certain skills to make participants more nimble, just like a ninja! Jumping, cartwheels, pull-overs and obstacles will be brought in to challenge the children!

Instructor: Dream Big Academy Location: High School

Dance Camp: (1st-3rd grades) Fee:\$98

Dance camp will teach children some basics in hip-hop, jazz, ballet and acro. They will have fun while learning to work together, build confidence and get moving! At the end of the four days students will have a showcase to show parents what they have been working on all week long.

Instructor: Breaking Arts Dance Location: High School

Aim High Gymnastics: (1st-3rd grades) Fee:\$94

Students will enjoy gymnastic instruction, along with games and fitness activities each day while receiving individualized instruction from Aim High's highly trained coaching staff. Wear gym clothes- shorts!

Instructor: Aim High Staff Location: HS Cafeteria

Basketball Camp: Fee:\$45 (Sess. II-\$34)

This program will teach youths different aspects of the game of basketball and will include: shooting, passing, defense, offense also a chance to play each day. All children will be given fair playing time. Boys & girls are welcome and should wear gym clothes and sneakers.

Instructor: Bill Coughlin Location: HS Cafeteria

Tennis Camp: Fee:\$84 (Sess. II-\$63)

Campers will work on coordination, ball control, movement, footwork, forehands, backhands, volleys and serves. Participants must have their own age-appropriate racquet and wear sneakers. (Rainsite: HS Gym)

Instructor: Kristen Coker Location: HS Tennis Crts.
